

Surbhi Ranga

Hi, my name is Surbhi Ranga and I'm pursuing MBA. I am running for the position of President of Mature Students Association of University of Northampton Students' Union.

If elected as the president of Mature Student Association,

I will work on the following 3 goals:

- To create opportunities for socialising with the mature students within the committee within the same month of election results. I will ensure social and networking events are tailored for everyone and are held during different timings so everyone has a chance to attend according to their lectures and make sure many events are kids-friendly.
- To bridge the gap between the students and University administration, as well as the gap within the student body and work in solidarity with you.
- I will make myself available throughout the Mature Student Association meet ups to raise issues and provide support. To be contactable and within reach and to make sure the issues of mature students are heard, and their opinions are counted.

My points of interest for the year are:

1. Getting the MSA back up and running to meet the needs and wants of its members.
2. Leading and aiding the committee, we may have some bumps on the road, but we will work together to get this done.
3. Building the MSA to be a reputable association, worthy of its members.
